Featuring AB-Soul

[Verse 1: Twista]

See you with the eye

Rather at the apex of a pyramid or the forehead of a
cyclops

Talking shit to me make sure you're off the right block

Still I'mma come through in the Mercedes Benz white
drop

Might stop, but only if I know you I don't mean to blow
you with the statement

But I don't be fuckin' with these niggas, and that's why
they be hatin'

Cause I stay in the zone, I be alone, so excuse me if I'm
wrong

I'm off a kush, and when the T.H.C. affect the dialect I
be as free as ?

The energy in me be my empire yet the remedy for me
is ultraviolet, violence, silence

All the critic's when I spit it I'mma creature of
punishment when it comes to torturing

And with this rap shit I'm a beast

Ballin like I'm uncle Paulie and all of the above

We go in the club in Calcatta with the snub

East, be the direction that I'm prayin' in

But I'm a Midwest nigga

Mean with a verse, something obscene with it first

So they can say "Where you get that nigga?"

The essence of my vocabulary's exquisite when I enter
into a realm, taking me to the helm

Of lyricism, you gonna be callin' me majesty, callin' a
tragedy that you gotta see on film

So I salute and advise you not to shoot, you are not
equivalent or parallel to my level

Sub-par, So coming at me wrong is worse then being
on the carousel with the devil

I can turn these happy homes or the fakes emcees into
whole apartment buildings and vacancies

Bakeries, cook em til they done

Whoop 'em til they run, put a fork in the niggas

Watch what you say to me

[Hook]

Don't play with me, I'mma make a hater pray to me
God cause I'm hard and my flows is the coldest
You are no threat, don't step, I am a descendent of
Imhotep, yes, Moses knows this
Of annihilation we are on a brink, I be smokin' up the
stink, so before somebody thinks
See my style but ugly as Michal Spinks , when I rap
about the Sphinx instead of about minx
Knowledge is power so heâ€¦!

[Verse 2: Ab-Soul]

Punch you bout your third eye
Type of shit I make a bird swim, fish fly
Fuck it, touch the sky on the first try
Man a motherfucker could never control me, only
squeeze me and hold me
Is what a FK member told me, Now is she bold g?
But in my mouth is where the gold be, cause I be playin'
with like Goldie
Ab-Soul I know ya know me
Pick a Backwoods jar of that good yeah I blow it by the
OZ
I never sleep, you getting cozy
I made it out the jungle watch and write a book about
Mowgli
I ain't a killer but don't push me
I hit you with a cig, but I'd rather smoke up on a stogie
God MC, you could say I'm holy
The ghost of Alori Joh walk with me so a nigga never
lonely
Soulo, but Top Dawg is a army
Flow AT&T nigga 4 g's
Might be the hip hop Bob Marley, Taking shots at
politicians while I roll weed
Easily Eazy-E without the Jheri Curl Juice
Off that drank that make you think every girl cute
On top of the pyramid, Any angles acute
Mark of the Beast on me, him, her, and you
Money in the safe in case there's a lawsuit
Because any lumberjack would say they saw you
Me and Twista in the cut twistin up a blunt what the fuck
you want?

[Hook]

Don't play with me, I'mma make a hater pray to me
God cause I'm hard and my flows is the coldest
You are no threat, don't step, I am a descendent of
Imhotep, yes, Moses knows this
Of annihilation we are on a brink, I be smokin' up the

stink, so before somebody thinks
See my style but ugly as Michal Spinks , when I rap
about the Sphinx instead of about minx
Knowledge is power so he punch you bout your third
eye
