Chorus: Don't be mad if yo girl wants to leave with me.  
It's not my fault your girl is really feelin me.  
I didn't even know she had a man.  
She said she didn't have a man.  
She said she didn't want a man.  
So don't hate me.

Q:It's a shame, but this game baby.  
I got it in me, ain't no lame when it comes to women.  
I'm all up in 'em.  
Sing a song, take 'em home, make 'em moan, then I'm  
gone.

It's really just a game to me.  
Bridge: It's a role I shouldn't have to play.

I see the same things everyday.  
Do her wrong she's gonna play.  
I guess that's why she callin me-callin me.  
If she's yo girl she wasn't yesterday-yesterday-  
yesterday.

Chorus

Slim: How in the hell do you have the audacity.  
Runnin up on me tryin to talk to me.

Checkin Me

When you need to be checkin yourself clown.  
Keepin yo girl from schoolin around  
You call yourself a playa tell me how that sound  
When yo girl is feenin for me and she wanna be down.

Chorus:

Twista: Girl never seen a dude this down and dirty  
Thuggin but he thought handling business but he not  
Plenty women always wanna hold him just cause he  
rollin

Claimin they ain't got no job  
But petty niggaz they be comin at you bogus while you  
clubbin

Try to take you for the women they be fuckin

Talk about how he always huggin.

Hope I don't have to hit him with the chrome oven  
But just because a playa steady ballin people steady  
talkin

He say she say get you?

I saw yo girl talkin

But to 112 and Twista walkin to the truck bout to get  
No snoozin  
All the bitches be in big ballin confusion  
Niggaz trippin off ladies they be losin  
Pardon my intrusion  
That chick about to have you cruisin for a bruise  
Cause there's rules in this game  
Playa don't check the pimp, go and check yo hoe  
Give her that good third in a flip flop colored Excursion  
For a hit of that blow  
Don't try to calm lil momma down, you know them freak  
bitches be  
Don't get done in like Pretty Tone cuz yo kitty gone  
Yo chick just chose me  
You ain't cut like comedian tailors  
You ain't one of them get higher than helium playaz  
Or three tone chameleon gators  
You can't never spit fire on no CD and fade us  
Lame, greedy instigators  
Can't see how you mad just cause she date me  
I could never let a girl make me  
There's plenty of women out here dog so don't hate  
me.
