Follow, follow,
Love everything you say even when you're bitter
Girl I wanna get next until then I'ma follow you on
Twitter
Follow, follow you on Twitter, follow
I get an update on your tweets, seven days on week
Can't wait until we speak girl until then I'ma follow you
on Twitter
Follow, follow you on Twitter, follow, follow

I've seen what the tweet tag technology
I turn a sexology
Making the a taking the twitter when I hit her as she
sees my name
I tell her just follow, so I can follow her
Flick flick, better than a picnic, when I'm looking at you
tweet pics
Always into what you was talking about until I got the
photos
And saw you was a a chief
What you talking about is what I wanna read about
Waking up in the morning checking what you tweet
about
Then every tweet what you saying and everybody yells
Because I like your persona and what you be about
Your opinions and your thoughts and your views and
the way you wreck them down
It's a detail, I think you're an intellectual female
I feel like you should be in your e-mail
Myspace and Facebook is cool but reading your tweets
is just be so exciting
Even through I see you when we're skypeing
You turn me on with the shit you be rhyming
Words be making me wanna get on top of her
Personality making a soap a
She don't never let a bullshit astonish her
That's the reason Shorty's got so many followers

Love everything you say even when you're bitter
Girl I wanna get next until then I'ma follow you on
Twitter

Follow, follow you on Twitter, follow
I get an update on your tweets, seven days on week
Can't wait until we speak girl until then I'ma follow you
on Twitter
Follow, follow you on Twitter, follow, follow

The momma's bad and shouted day two
Damn I'm in the nose, the type of chick I'm into
Say she goes to school and she needs a man at be
home bigger
She be on Twitter, talking about she don't need no
nigger
Cause she be bitter real recognize I'm a real nigger
She recognize real when she looking at my picture
A lot of people hate â€¦ telling me I'm trying to get her
â€¦
The first time I see her I sms
â€¦ the sex is great
â€¦ Surprised that I said that I hung like an ape
â€¦ when you shape
When I get you out of hope

When I get you out we can come run away
We can run come away..

Girl I wanna get next until then I'ma follow you on
Twitter.
