recession we got to wait for the lick  
For the kush they want 6 for the ounce and they want  
28 for the brick  
Now how the fuck am I gonna get rid of these them two

*[Twista]*

Rollin with a pistol ?? In a room at the Ramada getting  
down in the streets  
Hustlin hard takin what you can get , but you steady  
reminiscing on 50,000 a week  
A playa mode is about how to look good and different  
methods on how to cut that hoe  
Hustle mode is if the cocaine cook good and different  
methods on how to cut that dough  
Had to ? because it used to be cool you trusted him  
and now you gotta go to court  
Cause he gave you the money and when he drove off  
he called you and told you he was short  
That's some shit that could've got you killed listen to it  
when the rap tunes real  
Put the bitch on the plane with a couple of pounds that  
you cant smell cause its vaccum sealed  
Take off a quarter then smoke in order they choke I cut  
it open they collapse from the scent  
Pop it all off for 600 an ounce I'm get to smoke for free  
and get back what I spent  
I gotta get it how I gotta get it even if I'm breakin down  
(dope) Break it down (slow) Take it down (oh)

*[Chorus]*

Said I'm a hustla by any means boy I don't play  
If they don't give me what I wants I goes the other way  
I'm ridin dirty, dirty I'm ridin swore to god I'ma ball
