### "I'm Old School"

Visit "[I'm Old School](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Let us formally introduce ourselves  
Getting money game  
The number one co-signer in the game, Don Cannon  
Extreme customs  
And our homie Twista  
Back pop poggle with the man in the hood  
We reloaded

Yes yes, y'all, you don't stop

I'm Twista bitch  
I'm on some different shit  
Man west side merciful, call me magnificent  
I'm back off, my clique strong  
Lost her iPhone, she's back to the brick phone  
Sway troop, joggin' suit with the dookie roll  
Coffee cup, countin' money like I'm Flookie Stokes  
I'm on the hustle, paper player and daily profits  
Raccoon rat with the tail, call me Davie Crocket  
I'm old school, I'm so cool  
Bring all my fingers, go across all 4 fool  
Takin' it back to gold nugget John  
From a Chevy Malibu to a Cherokee  
To a ally ah ah ride to west side  
Never picking up the pace  
EP I be swag and I fit it to the bass  
Mad 'cause in bigamy 8  
Couldn't happen to a rapper so a nigga couldn't hate  
I remember when the walls had graffiti on it  
Took a look at them next summer, now they got GD on  
'em

(Yes yes, y'all, you don't stop)  
I fuck 'er first and hustle up and hit the weakest spot  
(Yes yes, y'all, you don't stop)  
Now flip your work and double up and go arrika

I get street money money street money money money  
I'm old school, I'm old school  
I get rack money money rack money money money  
I'm old school, I'm old school

I'm back on, my money very long  
Never TD on the 3 inch, thick hair and bone  
Slang bow, slang dope  
The way your gang go  
I'm paid in full bitch, check out my hurricane go  
Remember when you used to get it for the dirty, for the  
both?  
Every rapper in the game or the industry could get over  
30 for the show?  
'Cause it was all good when we was on 30's and vobes  
None of these niggas out here pay over 30 for those  
Damn, let's take it back  
Who can you tell? Got him  
Pop blockin', my true religions look like bail bonds  
Let's get back to when you used to get work cheap  
If you the man, you could still get a third cheap  
I'm so old school but I smoke dro fool  
Ain't no mo, we the realest, logic in pro tubes  
I'm too old fashion for you to try to play me hater  
Antenna on the TV, close on the radiator

(Yes yes, y'all, you don't stop)  
I fuck 'er first and hustle up and hit the weakest spot  
(Yes yes, y'all, you don't stop)  
Now flip your work and double up and go arrika

I get street money money street money money money  
I'm old school, I'm old school  
I get rack money money rack money money money  
I'm old school, I'm old school
