Respect that, respect that, matter fact
This album is about respect, honor, fuck a beat and a
rap nigga

This a motherfucking movie and if you trying to stop it
You gone have to load, aim and cock it for real
But we too hard and deep to kill, so go ahead
Join hands you hoe ass sonmybitches, we can't be
stopped
Legit Ballaz is coming

Faggots, smelling at me looking happy, don't make me
Take your sweet sixteen and turn the ants into a sugar
daddy
You need a quilt to carry like I need a bitch to marry
I pilt on, live off your ants to the cemetery

Busting my thang, and I ain't able, right at your chest
Where your chain dangle, see what the game bring you
A desert eagle thrashing, ski masking
Duck tape, a tuxedo and casket, I studied the bastard

Know where he eats, shits, sleeps shit, how you think
He stay low key 'cause he fucked with that arlese bitch
But about these ships squeeze clips until they empty
Continue to act up, I clack up my back up city

My folks'll make you high stealth like ivy camoes
I only fuck with top show hoes, that wave on gold
And full of the rooms getting head in the rooms
Kicked 'em out and kicked it off with my folks

We about dissing you bitches, we about busting you
hoes
We about serving you haters like we was serving the

golds

Y'all can't fuck with these Ballaz, y'all can't hang with
my city
Plus there's too many bitch, niggas, out there claiming
my city

We about dissing you bitches, we about busting you
hoes
We about serving you haters like we was serving the
golds
Shout it out when you wanna bring it
Don't be running when we come gunning
Y'all niggas on the laim when you peeping Legit Ballaz

When you see me in the streets, I'm about the dough
When you see me on the mic, I'm about to flow
When they see you in that fox you about to go
Beam keep shit hot 'case y'all don't know

When you argue with your bitch she stay punking you
out
She on the phone telling dude what you got in your
house
Put that bitch on your mattress, how you carry that hoe
Keep it real with her dog, you 'bout to marry that hoe

Them nine O's that you copping, yeah, that's fin to get
hit
Tell your bitch stop bitching off me giving me shit
When you see her popping her at other niggas, you
quick to frown
Nigga don't save her, let the bitch bust down

Except you, I'm in the projects, busting them thangs
Why you be that greasy ass fool shooting at the gun
range
Your melon just like a banana, too easy to peel
Want a competition in this bitch, y'all too easy to kill

Bennie Franks is the name, say this your block man
When I supply the weed, rocks, soap and them thangs
I shut shop down, for forty days and forty nights, woo
The block hot now, I have you wondering who are them

We bust your shop down, shh, I'm on silence boy
You's the toughest shit on the corner when you was
eying me boy
Could of avoided the pain, stop facing and the violence
boy
Now fuck you plugged up now, shouldn't of been
smiling boy

Where your shells at, can't get us, you know why
I'm the one that sell that, shit dried no potent
Where your V-12 at, never bite the hand that feeds you
I supply niggas from robbers, stay low to, Artesian

You's a young cat, dumb cat, always been a slum cat
Next session, ask your man who front that
Bennie Franks is the name, you should honor it kid
Y'all gone respect the game shit, I promise you will,
