You looking chilly wit yo thick ass, I know you got plenty  
Nigga out there who trick cash, I damn near caught  
whiplash  
As you walked pass fucked up the blunt ashes, peepin'  
your script  
Perpetrating you high class  
Youz a rat in disguise I see the freak in you eyes  
You got between your thighs from fuckin' to many guys  
And yet still you play the sweet role but we know

That you juggle dicks like slot machines at a casino  
I'm high as hell so I'm flaotin' up in the party tokin'  
A 44 max and nigga don't jack 'cause I blast away fuck  
up  
A nigga whole day get the wildin and shoot this bitch  
Up in the party Mobsta style you ain't had a thug in a  
while  
I hit her wit the proposition as she's peepin' me out

So whats the lick shorty? Fuck the game me or the lane  
She hoped in the Range and then her attitude changed  
She said, "I know you fool you one of them Mobsta  
nigga  
Who rap wit Twista, "Wheres he at?" Fired up wit some  
liquor  
Hold tight shorty we almost at the City Inn  
I told Maze about the lick soon as he buzzed me in

Baby if you wanna party tonight then let me see you  
touch your toes  
And show me you a party hoe  
I got my nigga you got your girls 'cause bitch we  
fucked  
The world and how do we hurl only if you partying hoe

Baby if you wanna party tonight then let me see you  
touch your toes  
And show me you a party hoe  
I got my nigga you got your girls 'cause bitch we  
fucked  
The world and how do we hurl only if you partying hoe

I gotta confess I think I'm obsessed wit group sex  
Yo lets have a contest and see who do it the best  
Inside of Nubian flesh make me wanna get undressed  
Tap that ass from the back 'cause baby your bodies  
blessed  
And your friend to she could bend too bust out some  
Ginseng brew  
So I can dick your whole crew that's the shit

I'm into pass some pussy to my guys put my dick in  
your mouth  
Shoot the noogy in your eye, I don't wanna socialize  
I'm just trying to get bucked, so after you get fucked  
You hoes gotta raise up, bumpin' out just blaze up big  
ol' B and the T's  
Kick off the party wit you and your homies or your  
knees  
While y'all party to see who got the most superb herb

Nigga Stokes gonna stroke that ass wit the killa curb  
Till sober and then do it over again 'cause who ever  
take  
The most dick is the one to win, so open them thighs  
wide  
While a nigga slide in let me see how many different  
ways  
Your body can bend, trippin' on Liff spinnin' your girl  
like  
He gonna miss her while I'm opening the door for my  
nigga Twista

Baby if you wanna party tonight then let me see you  
touch your toes  
And show me you a party hoe  
I got my nigga you got your girls 'cause bitch we  
fucked  
The world and how do we hurl only if you partying hoe

Baby if you wanna party tonight then let me see you  
touch your toes  
And show me you a party hoe  
I got my nigga you got your girls 'cause bitch we  
fucked  
The world and how do we hurl only if you partying hoe

Henry in a glass

Pretties is fast I'm glad squeezing tities and ass

At last Maze and Liff happy ever so hoes and one of  
them  
Bonin' what I'm gonna do now all of them want me  
They slobbin' and bobbin' steady mobbin' and globbin'  
like  
They slob whenever they party, but this big fat thick  
bitch

Made my dick hard no that its swollen she choking  
While her cheeks parted open the bitch started stroking  
And I'm hoping the girl is hot and soakin', play wit her  
emotions  
Talk about a Chi-Town po pimp, let's flash the gold and  
Whether or not get the dough gotta grab fo fin mo'  
freaks came

Thinking I don't want 'em I show, I got a gun, put you  
mouth  
Around my scrotum and hold 'em and catchin' me
