Ha ha, heh, last time for the mobsta  
Get up in here and do our thang, heh  
That's how we gon' do, ha ha ha ha

Get down to the club  
Chokin' on sticky and everything was loved, oh yeah  
Look here now, then on came the lights, hey  
All the niggas and bitches in the party was feelin' high  
Liffy Stokes, bring it

Tonight's gon' be the bomb, it's warm and calm  
I got to take this cool in my arm with an ounce in my  
palm  
I done took the bottle with Don, and I'm back for sure  
Actin' a fool, gettin' skully, mixin' henny and mo

With plenty to draw, and we gotta blaze by the door  
With too much M to the O from rushin' the dance floor  
Mob style runnin' wild through every section and aisle  
Drinkin' River, pussy now, collectin' numbers to dial

Talkin' loud, flash the cheese just for the haters and  
keys  
That try to catch me sooner so they can cease without  
the cheese  
Through mobstability, y'all be killin' me  
With that weak shit, a nigga just came to party

With my guys and women probably pitchin' couple of  
innings  
Break 'em down through my winnings and come out  
Detroit grinni'  
With my paper and ladies on the E doin' about eighty  
Tryin' to get to the [unverified] so that freaky bitch can  
lay me

When the mobstas rock y'all spot  
Watch all the niggas and bitches start dancin'  
Big ballers wave y'all knots  
'Cause y'all the ones playa haters can't stand with

The mobstas rock y'all spot

Watch all the niggas and bitches start dancin'  
Big ballers wave y'all knots  
'Cause y'all the ones playa haters can't stand with

I'm bendin' curves through the gym straight smokin'  
and drinkin'  
Westside, Mob style, and the mink and the lickin',  
trippin' on the cutie  
That's winkin' 'cause she know we got the shit that  
rocks her block  
And put the boom in your box and make your speakers  
pop

So I take this as my cue to make sure shorty don't  
snooze  
The mobsta's rockin' tonight at the House of Blues  
With some mo and some crews and now she lookin' in  
dues  
Talkin' about bringin' our homies and puttin' on dancin'  
shoes

It's like that y'all, let your paper stack tall, so when you  
hit the club  
You can ball and get some numbers to call, don't worry  
about the playa  
Haters leanin' on the wall because when they get the  
gold  
And start to ball, they gonna have to fight us all to the  
end

Playas get a glass and a set of twins  
In different clothes so they can be a thug's extend  
'Cause when this party ends another begins it don't  
stop  
So flash your knot and beep me at my guy's red shop

When the mobstas rock y'all spot  
Watch all the niggas and bitches start dancin'  
Big ballers wave y'all knots  
'Cause y'all the ones playa haters can't stand with

The mobstas rock y'all spot  
Watch all the niggas and bitches start dancin'  
Big ballers wave y'all knots  
'Cause y'all the ones playa haters can't stand with

Hey, hey, oh, suki-suki now, look here now, what's  
cookin' now  
Shook it shook it, child, shake it down, let's boogie now  
From the hood and I be the chief, feelin' good as taters  
and waiters

With playas with the ladies pullin' up in big-ridin'  
Mercedes

This party gon' fade me, smokin' with the brokes and  
the brothers  
Cherry gators, yo dawg, this pocket's full hundreds  
and rollers  
I'm kickin' it out with tippin' dippin' off from the laws  
In the glance of an eye with drawers, while they hustlin'  
just to ball

[Unverified] so I bought a drink, sport a link, recall the  
mink  
Hoe figure she was pretty and think maybe I ought to  
wink  
And she takes a glance, party'a boomin' so maybe I got  
a chance  
This cutie got too much booty and I asked her to dance

Flippin' 50s in my hand, champagne all up in my face  
Takin' pictures, [unverified] close 'em all bitches'  
probably in the place  
Straight po pimpin', I'm trippin' [unverified] it's the  
weekend  
Steady quickin', take a pimpin' and pay the scraps for  
sneakin'  
'Cause when the
