Twista  
[Tung Twista] Yo  
[Sinister Def] Check this out

[Sinister Def]  
Runnin -  
My lyrics are cunnin, vocabulary is stunnin, son of a  
gun, and  
I'm rankin at one, makin it fun and takin my gun, and  
Loadin, explodin, causin harm, poppin and droppin a  
bomb  
Breakin it down like Imaam, so be calm, cause see, I'm  
The capable, no mistakable, makin the unbreakable  
breakable  
Able to hook em like cable cause Sinister Def ain't  
stable  
No deceivin and weavin a web, I be leavin a stain in  
your brain and bustin your vein  
Pickin and kickin a style I be lickin and shakin and bakin  
and makin it rain  
Simple and plain, I smoke em like hickory dickory dock,  
it's time to clock  
So brothers I mop, the bigger they drop, so stop, Tung  
Twista, pop

[Tung Twista]  
Gotta be that it be lyrical hip-hop  
Rockin a rhythm, I never stop-drop, I'm gonna give em  
a pop

Flowin this up and breakin the suckers up off of the mic  
and then rip it to shreds  
I be kickin and makin the people come off in a rage  
And my lyrical magic I'm makin and movin, I label this  
funky  
Oh, this dope rhythm I throw be pump-pump-pumpin  
em up in the mind  
And be bringin em up into hypeness  
This funky tempo I throw, I know that I be slappin the  
dope hypeness up in em  
And then I'ma bend em a lyrical rhythm  
I throw with the tongue, be leavin em hung among  
This style I be throwin
