[Twista]

The rap for the hood, if you want 'em I gram 'em
I'm Twista, I came back with the hustler's anthem
And these are crack hooks that I spit, I hope my
customers chant 'em
Spit for niggaz in Capris that can't pull up in the
Phantom
That's real - like rocks and blows when I'm rockin them
shows

On the blocks with them O's when I'm droppin them
flows, cockin the low
When the Twista hit the scene and that's like BLAKA

explode

These lyrics to the tracks is like workin them pots on the stove

That's real

[Hook: Twista]

I got cocaine if you really wanna {"buy buy"}

I got ounces if you really wanna {"buy buy"}

I got 'dro if you really wanna {"buy buy"}

Rocks blows if you really wanna {"buy buy"}

[Hook]

[Twista]

Give me a look-up, I got the good hook up on cook up

If you low I'll front you to try to help you get a foot up

Police on my ass so I had to move a little bit quicker

before I get shook up

Shit it's all the way I had to book up

makin money for my good ki with a good cut

I spit that Cali kush, in the alley you can push

And the ki I stay low-key so Detective O'Malley won't look

Everybody be watchin my shows, everybody be rockin my flows

Got yayo and that's the way shit goes nigga, O's nigga

[Hook - 2X]

[Interlude: Toxic]

It's a seven day thing man

We do it all week e'ry week, we hustlin

Let me tell you how it goes again, aight?

[Chorus]

[Hook - echoes at the end]
