Then Shawty got ticked all of a sudden  
Look how them jeans hugging  
Look at the figure she think she ate cornbread  
When you was a shawty you must've been breastfed  
Yeah my mother the whole package  
Look at the face, ass, chest, legs  
Imma holla out, I'm on duty

All that ass up in them jeans  
Now make it drop, don't stop  
With your booty my section  
When you come in my direction  
Looking good from the front  
But when I look at your reflection  
It's really what is filling my erection  
In my own zone, we all own bones  
She own, she be owns

While her TB dragging on the draw  
Talking about how she's so thick  
That the fatty be dragging on the floor  
Look at that, I'm mean  
She got everybody looking and I love it  
When I hick her  
She got cushioning for the pushing  
Milk it, cook it, and nuke it  
People like the way you lookin'  
When she buggy  
And I know that she can give me more  
Notice all the counters
