Verse 1:(Twista)

stickin late out night in the evening
but it was like the sun was still beaming
when i saw the 7-4-5 gotta get inside
thats wat im thinkin
nothing but a wire in my jacket
tried to get up the courage to do it
all it takes is a splitsecond to pursuit and get into it
move ahead with misson,hotwire the igniton
trying to be quick with the proceedure
look around in my suspicions
get the guts 'cause i make my mind feel like its what i
deserve
in the car on and empty street as i tell myself dont be
scurred
a poor little boy but its like when i see through this
mans eye's
i feel as good as i ever felt up in this rich mans ride
so i just start it up quickly to make it harder to come get
me
even thought i've done this before
its like i took a part of him with me
but he ain't lossin no sleep and im steady cruzin and
creepin'
breakin no rules and no weaving
while i get away smooth belly breathing
slowly i get outta sight when i take another player for a
lil ride
lets go to the car to pick up speeders
I drive away through the night, through the night

Chorus:(Sting)

Please take me dancing tonight
I've been all on my own
You promise one day we could
it's what you said on the phone
I'm just a prisoner of love
Always head from the light
Take me Dancing
Please take me dancing tonight

Verse 2:(Twista)

First I invision myself as Twista rollin' slick through the hood

Saw me hurting at first but now I sit on leather and wood

Steady waving at the shortays 'cause i know im lookin cool

Gettin visions about the life of the man who's car I stole

When im on the streets like fire as a speedy tire i like it

As i invision myself in this likeness like im a psychic now i see things hes doing wondering if hes living his life

hes a company man who's out at night with two kids and a wife

his complications with the new marriage leaving her embarassed

like his trust ain't no longer cherished with well then how's the love get damaged

like telling her he's living his life alone in his room

when in the car you could smell the trace of another womans perfume, perfume

Chorus:(Sting)

Please take me dancing tonight

I've been all on my own

You promise one day we could

it's what you said on the phone

I'm just a prisoner of love

Always head from the light

Take me Dancing

Please take me dancing tonight

Interlude:2X

when he could call ha

thought he was about la

and a bitch i call la

soon as he saw her

Verse 3:(Twista)

But when he get home will he be able to cover up all of his eyes

as the voice of his lonely mistress started ringing in ma eyes

Chorus: 2X (Sting)

Please take me dancing tonight

I've been all on my own

You promise one day we could

it's what you said on the phone

I'm just a prisoner of love

Always head from the light
Take me Dancing
Please take me dancing tonight
