This is why I'm cold
Cuz I'm a chain flicker
I can sell a million
Just by telling em it's Twista
I represent the Midwest
This is where it's at
[We comin and Nelly
And Eminem and Kanye West
We got that crack.]
I love the dirty cuz
The drop remind me of K-Town
Full of sheisty ass niggas
But the true ones gon stay down
But on the East Coast
They want lyrics in the door
So I get up in the middle of the [?]
Then I spit another flow.
And when I hit the West
I blow sesh everyday
Get up with [?] or 40 when I'm in Frisco or the Bay
And when I'm in LA
I get up with Snoop and the Game
And a lot full of 64s
Red and blue all on them thangs
And when I'm in the Chi

It's crucial or do or die
Come and walk with the guy
Take a journey, just you and I
They ask me to shake it for em
So they can take a glance
It's get money (game, mobb)
Cuz gangstas don't dance

This is why I'm cold

Got feens on my block
Plus you know your boy
Is first name basis with the cops
Rollin 28s
(Known for whippin___)
Tryna make a million plus
Off these Great Lakes
They say we're the gang of niggas
Always getting money
And dare one of you ***** niggas to
Try to take it from me
This is why I'm cold
I'm always in the gold
Sportin chunky ice when the wind is ten below
Always blowin koosh with some good dope to push
Cuz I'm makin dirty money like that ***** George Bush
Outside it be freezin
The season is the winter
But I don't give a ****
I'm out here hustlin in December
