[Twista]

All my legit ballers (what)
all my legit ballers (wee straight)
pull up to the club on dubs
whey these niggas playa hate
custom trucks and cars
with a system bumping hard
smoking dro outta jars
bout to blow a hundred bombs
some thoughts pump that buddah
bitch shake that ass over here
aint nobody worry bout no fear
we been down in the streets for years
the legit balling family
for the true ass gangstas and hustlers
killers ballers and aint no busters
kicking raw shit for real motherfuckers

[Bennie Franks]

Fuck it

i heard this to up and down that a nigga didnt do it
put my rhyme to persistent

what about the hoes

and im still on the block when the shit gets hot
best believe aint a dam thing changed

[Turtle Banxx]

Put em off

from one squeeze and this thing that i pop at you

i execute low cock and shoot

aint a thang that i can do

how you shake it fast like Mystikal

it aint no mystery what bank listers do

roll up like what up foo

and what up niggas

where they might choose a big triggers and more ten

let the games begin

this for my niggas and bitches up in the truck-a
