Hey, hey, hey, hey, uhh, uh, huh, uh, uh, uh
Aye, ay, ay, ay, ay, hey, hey hey, hey

Hey, hey, sometimes I go fast, sometimes I just stop
Sometimes I take it slow when I let the sex drop
But most of the time I go quick
When I'm hittin' that shit and she like it, she like it

But tonight she said she didn't want to go too fast
And tonight she said she want me to take my time
So I took her down and said, do you like that
And she said, hell, yeah

Then hit medium from the back
I said, it's cool and she said, hell, yeah
She said, ooh baby, just take control, baby
As long as you take it slow, baby
Then you can hit all night, baby

She gave me the green so I have to go
Start screamin' my name when I went low
And every time I start goin' fast
She look at me and said

Yellow light, yellow light, yellow light, yellow light
Gotta slow it down
Yellow light, yellow light, yellow light, yellow light
Gotta slow it down

I told her that wanted to beat it up fast
So lil' mama let me know when to go
Tonight she don't want a drill session
She wanna feel it, so she told me to take it slow

I'm so use to mackin', pokin' to back to back
When I'm attackin' it I wanna go get in
She blew the whistle like, be still
Hold it in now, roll it in

She lift up her palms to hold my face
Because she want me to control my pace
She said she wanna feel it all

Side through the windows of the wall

'Cause the feelin' was too cold away
Well, I can break it down to 50
Down to 40 down to 30
In the speed you want me to, I can do for you

Shawty, tell me how you want it
Do you want the Lambo?
I give it to like, uh, uh, uh, uh, uh
When I do it, baby, or do you want the 64?

I give it to you like, uh, uh
When I give it to you, baby
Now I was thinkin', I was all up in it right
But now she got me caught up at the light

I try da call it like
Green uh, uh, too fast, red, uh, uh, too slow
She wanted in the middle so gotta

Yellow light, yellow light, yellow light, yellow light
Gotta slow it down
Yellow light, yellow light, yellow light, yellow light
Gotta slow it down

Now wid a subtle way to sooth yo' soul
Gotta lovin' the way I move the pole
Instead of rude and bold I wanna see what it feel like
When playa break it down into cruise control

And still rule the role
Never stuckin' on a one speed dick shift in a stick shift
I am not them dudes
Is not a jack rabbit when I be tappin' it

I wanna slow it up and give it to her chopped and
screwed
Come here shawty and lemme knock them shoes
Feel it sensual when I rock to the groove makin' hot
thang cool
If you think you butter, show us how to stutter, step,
stop then move

But I get not the order
Narry canary and my flow is like a shoppahorra
Scaryin' Barry whenever I rock with the R Kelly
In every position for power we slaughter
In petty like veli, I'm getting' money 'cause I oughta

I tell the girl to slow down lil' mama

'Cause you ain't gotta be so anxious
Go on rapidly when you flex yo' thighs
'Cause still good sex if you exercise yo' patients

We ain't gotta do it like we racin'
'Cause all the time that ain't how I like it
Green, uh, uh, too fast, red, uh, uh, too slow
I'm on the mid level so she gotta

Yellow light, yellow light, yellow light, yellow light
Gotta slow it down
Yellow light, yellow light, yellow light, yellow light
Gotta slow it down
