When I wake up in the morning love
And the sunlight hurts my eyes
And something without warning love
Bears heavy on my mind

Let's get them dollars
Let's get this money
Yeah, keep my mind on my

I keep my mind on my money, money on my mind
I got my finger on the trigger, stayin' on the grind
Now when I wake up in the mornin', I gots to hit a lick
Saw the 2003 Navi' on Spre's with a kick

Soon as my eyes see the sunshine
My thoughts is jukin' the block and dodgin' it one time
Peep how we movin' them rocks
And the pounds of dro 'fore I double my shit
I can serve 16 ounces plus 6 and get back 96

A killer for the scrilla, nigga, best not be stoppin'
I gots to get them bigger, figures, fuck what you talkin'
I represent the niggaz ballin' with jewelry full of 'circles
Down to the niggaz chasin' million, that dream servin'
nickels

And I know one day, I'm gon' come up
And when you see me, don't hate that I roll up
Get paid whether you Legit, when you slang or tippin'
off 'caine
Until I take a dip in the Range, I'm flippin' them thangs
Gotta get some money, mayn

It's a lovely day, just got paid
Stack it up, be on my way
A lovely day, lovely day, lovely day
It's a lovely day, just got paid
Stack it up, be on my way
A lovely day, lovely day, lovely day

A hustler's definition, is a hustler for scratch
You serve a motherfucker, you serve him for that

I'm makin' money off of verses when I spit 'em on
tracks
And if I ain't sellin' no records, I'm servin' 'em packs

I got a clip full of hollows, money-makin's my motto
Semi-auto when my blow's in a bottle, 'til I hit the lotto
With dreams of ownin' a record label, flippin' words
My nigga flippin' buildings better than he was flippin'
birds

I got the mentality and the motive, I'm on a mission
For the money you can get it too, it's all about yo'
ambition
Play yo' position, provide the plans and follow
procedures
And a six hundred blunted with a pocket full of
hundreds and Visas

Love when I get that dust, hit 'em up, re-cop then I get
back up
Love when I get that gig, get a crib, get a car when the
grips stack up
And still in the evenin', if I'm sleepin' paper products
Soon as I get up, it's just another day, another dollar
Gotta get that money, mayn

It's a lovely day, just got paid
Stack it up, be on my way
A lovely day, lovely day, lovely day
It's a lovely day, just got paid
Stack it up, be on my way
A lovely day, lovely day, lovely day

Got love for the corporate playas that's ballin', rollin'
Jags
And love for the thug niggaz who get it on the Ave
Love for those who can make a mil' and sit back and
laugh
And love for the fine strippers who get it poppin' ass

Love for the single parents that's workin' through the
struggle
Love for those who gotta make a livin' movin' muscle
Love for those who gotta watch the haters rollin'
bubbles
Causin' trouble every time a young brother try to hustle

And if I can't legally make a knot
Then I gotta get right back on the block
And if it ain't no work, we do a stick-up and whip up a
concoction

I leave you face down in the dirt because hurtin's not
an option
Gotta get that money, mayn

It's a lovely day, just got paid
Stack it up, be on my way
A lovely day, lovely day, lovely day
It's a lovely day, just got paid
Stack it up, be on my way
A lovely day, lovely day, lovely day

When I wake up in the morning love
And the sunlight hurts my eyes
something without warning love
Bears heavy on my mind

It's a lovely day, just got paid
Stack it up, be on my way
A lovely day, lovely day, lovely day
