Oh, you didn't think we can it again
Twista, Kanye West, from po pimping to poppin' tags
From Chunkiest to Slow Jamz, oh baby
We can even make you a overnight celebrity
Know what I'm saying, come on

Why don't we play something these hoes'd like
Drive whips, I know they like
Twista, you told her right
(I could make you a celebrity overnight)

Give you ice, like Kobe right
We sorta like Goldie right
The way, we mode 'em right
(I could make you a celebrity overnight)

Girl, I see you in them apple bottom jeans
Chinchilla on your back, I wanna know your name
Girl, I'm Twista, I could blow your brains
Put you in a chameleon, 0-4 range

Still sexy, when you smoke that flame
Jerk you like a chicken when you throw that thang
She got me hotter than a oven, the way that she talk
Switching to freaky, so I'm loving the way that she walk

You looking good girl, you oughta be in pictures
Listen to me, I see your career going sky high
Taking you home to the crib in the Chi
And every time I see your thighs, I cry when I drive by

Watching you should be a thrill, got the fellas
Hustling trying to get, steady screaming my, my, my,
my
Walk on the carpet, with the bells that flick in the dark
Kicking it on the couch, at 106 & Park

I can see your beauty on the big screen
I can see me freaking you with whip cream
I can see you on stage at the awards
With a dress better than Jennifer's and doing big things

Kick it with me, I can mold your life
You looking good girl, show you right
Dre told me, you the prototype
I can make you a celebrity overnight

Why don't we play something these hoes'd like
Drive whips, I know they like
Twista, you told her right
(I could make you a celebrity overnight)

Give you ice, like Kobe right
We sorta like Goldie right
The way, we mode 'em right
(I could make you a celebrity overnight)

Why don't we play something these hoes'd like
Drive whips, I know they like
Twista, you told her right
(I could make you a celebrity overnight)

Give you ice, like Kobe right
We sorta like Goldie right
The way, we mode 'em right
(I could make you a celebrity overnight)

You want fame, you can take that path
Candlelights, when you take a bath
You got, such a sensational ass
I'ma get you Jimmy Cho and Marc Jacob bags

I can cop her, a 2000 and 3
Make her smile, when she sees Spre's
I can get you on CDs and DVDs
Take you to BeBe's and BCBG

I can get you in the places to be into
The people to know or show you things, sticker than to
I wanna be your lover, undercover Don
And protect you from others, don't ever let a brother
pimp you

If you want the style, you can rich your blood
Ya'll take a look at her, she got such an astonishing
body
I can see you in some Gucci or Roberto Cavalli
And I bet she gon' put a hurt on 'em, hard in the party

And you know, you kill 'em in the club, we go
You was born to be a po', how you gon' sticking fo' do's
And I love you, 'cause you freaky with the dope clothes
Drop it to the flo', let it go when you roll slow

And I love it when I hit it from the back
And you get on top of me and have a brother going oh,
oh
Girl I love, how you roll me right
I can make you, a celebrity overnight

Why don't we play something these hoes'd like
Drive whips, I know they like
Twista, you told her right
(I could make you a celebrity overnight)

Give you ice, like Kobe right
We sorta like Goldie right
The way, we mode 'em right
(I could make you a celebrity overnight)

You see, see baby girl
You see, how you make a brother break down
I just gotta ask you what you need
What you need from me, oh you wanna be a star

Are you messing with the right one
I can take you there, I can make sure
You've got all the finest things
Let me be your manager

Come here girl, I could see you bored
Took you to the queen, that I see you for
Take you shopping on sprees, in stores
I'ma get you to the MTV awards

We about to do a show tonight
You looking good girl, show you right
Take you places, I know you like
I could make you a celebrity overnight

Come here girl, you could hang if you bored
We could do plenty things plus more
I'm about to have you, change in the stores
I can even get you to the Soul Train awards

We about to do a show tonight
You looking good girl, show you right
Take you places, I know you like
I could make you a celebrity overnight
