Kell's and Twist', uh  
Girl, it ain't no other way to describe you  
Your momma raised you right  
Yeah, I like that, it's like

Sittin' here in love rehab, I'm so crazy about you dear  
Doctor of my soul, I will never check out of here  
Filled my prescription when I came to you and needed  
peace  
You took me in and gave me joy and girl now I'm free

You are my circle, when I needed to talk you had my  
back  
You my homie, we go back, thank you for your love  
rehab

Doin' bad, ain't nobody in my life  
I'ma kill a nigga or somebody gon' murder me soon  
I'm a hope fiend, I need a woman in my life  
Could you take me to the emergency room?

I need somebody that can nurse me back to health  
'Cause I'm out here lovesick, shakin' like Pookie  
You took me up outta the hoopty  
Put me in the Lex 300 they got me blowin' on dookie

Now why do I respect her 'cause she down for a nigga  
Before I was rollin' city to city  
She got me screamin' out yes sir like I'm Pretty Ricky  
Lookin' freaky freaky while I'm smokin' the sticky icky

When I'm down and out you be rubbin' my back  
Because I miss you, you know I got issues  
When I'm ridin' dirty and I got the thumper  
And the law pull me over you will hold my pistol

Sick of how the women harm on me, you charmin' me  
In the pharmacy of love, body be right I wanna hit you  
You like a veteran when I need some medicine  
You better than exederin', fellas in trouble that wanna  
get you

I thought I knew what real love was 'til I met you  
I'm reminiscin' on the love we had  
I'ma stay sick forever hope I never get well  
'Cause you got me in a love rehab

Sittin' here in love rehab, I'm so crazy about you dear  
Doctor of my soul, I will never check out of here  
Filled my prescription when I came to you and needed  
peace  
You took me in and gave me joy and girl now I'm free

You are my circle, when I needed to talk, you had my  
back  
You my homie, we go back, thank you for your love  
rehab

So many problems, so many people, so many decisions  
So many roads that I have to choose  
But still I'll roll the dice and pray that I don't lose

There were times that I got weak, fell short  
I couldn't go on and, she came through

So many friends, so many liars, so many haters  
Sometimes I just don't know who to trust  
But yet and still I turn the wheel of life and try my luck

There was a time when I was broke, didn't have a job  
And this woman, she showed me love

Oh, since we first met, I've risin' like an escalator  
Now five years later, we have come up like an elevator  
You made me better babe, when I thought I was goin'  
crazy  
I was just about to lose my mind, then you put me in  
your love rehab

Sittin' here in love rehab, I'm so crazy about you dear  
Doctor of my soul, I will never check out of here  
Filled my prescription when I came to you and needed  
peace  
You took me in and gave me joy and girl now I'm free

You are my circle when I needed to talk you had my  
back  
You my homie, we go back, thank you for your love  
rehab

If I hit it I'ma spit that love flow  
Forget what they all say  
She the only one that helped me

Hit her with a little bit of '12 Play'

When the Twista wasn't proper sippin' vodka  
I could remember tellin' the love doctor I need some  
help  
Through the fire like I'm shocker, love it every time I  
rock her  
Cock a pistol when I think I bleed to death

My surgeon and my methodome  
The only one I talk to when I'm left alone  
You the one that helped me fight through my  
challenges  
Tell me what's my psychoanalysis

I thought I knew what real love was 'til I met you  
I'm reminiscin' on the love we had  
I'ma stay sick forever hope I never get well  
'Cause you got me in a love rehab

Sittin' here in love rehab, I'm so crazy about you dear  
Doctor of my soul, I will never check out of here  
Filled my prescription when I came to you and needed  
peace  
You took me in and gave me joy and girl now I'm free

You are my circle, when I needed to talk you had my  
back  
You my homie, we go back, thank you for your love  
rehab

Uh, Kell's and Twist'  
Gotta let her know that she the only reason  
We make it through sometime  
That's why we sittin' here in love rehab
