So strange how it changes through the yeas  
How sweet the memories and souvenirs  
In a moment all the pieces just blew away  
Lost forever  
All the daydreams, lay shattered by your side  
All you cling to is empty love and pride  
All your comfort is all the tears you cried  
That echo round this lonely heart  
I built my world around you  
Dreamed of a life beside you  
I laid my heart upon the ground  
My sweet and sensitive thing  
What price the luxuries I own  
That breaks a high, a heart, a home  
In a lifetime it's the only thing I achieved  
Lost forever  
All the sweet dreams lay shattered by my side  
All I cling to is empty love and pride  
All the comfort is all the tears I've cried  
That echo round this lonely heart  
I built my world around you  
Dreamed of a life beside you  
I laid my heart upon the ground  
My sweet and sensitive thing  
I laid a deep foundation  
Displayed a new elation  
I bared my soul to all the world  
My sweet and sensitive thing
