[Riddlah]

See I'm shocking my language is rotten

Freedom of speech I'm thankful I got it

So I can say what I want to say

I'm on to you do what I want to mate

I talk it straight but I'm shocking the masses

I'm top of the class and I'm rocking it madly

I'm angry say things that I shouldn't

I'm bruising lyrically ghoulish who's this

Who spits the nasty cruel shit

The Riddlah and I'm back to prove it

Your useless man your acting foolish

The truth is I let the magic do it

Abracadabra shock horror

Blood guts sweat and tears but I'm not bothered

Better cover your ears I'm numbing the fears

I'm running for years see I'm coming it's clear

[Blasfima Sinna]

As I move and I'm high so I fly like a pelican

Shat on your face and said bye cause I'm better than

Dry letters man we'll no be delicate

Chopping off your balls man as if your living celibate  
Mad shit coming through man it's rapid  
Blasfima Sinna man I'm rapping like it's magic  
Black like abracadabra  
Body in the micro-wave man I'm coming at ya  
With shock horror man you might as well not bother  
You could be the next top of the block goner  
Fuck off unless you show me what you got brother  
Having fun last night you've got a hot mother  
Enough of that man you smell like a scruffy cat  
And I know man your mums got a musky twat  
Where the huskies at you can trust me man  
Gave my warning so next time a'l bust you man

[Wardie Burns]

It was a nightmare one hundred ghosts standing right  
there  
(Right where) Right there with the white hair  
I'm quite scared so I tighten up my Nike airs  
Trying to shock horror dinny look back with a  
frightening stare  
The ghost chased me then we toast tasty  
Put me on the plate said the roast was pasty  
Pour pure chlorine right into my fucking eye ball

Couldn't see the sky at all  
I don't know what you guys call  
A blind emcee that's five foot five tall  
Brain so small that my skull is a size small  
Welcome to the little shock and horror  
The place where twisted cunts all talk and bother  
You look lost man and you're looking at the boss man  
S.O.S. Twisted Methods see how we cross brand  
Shape shifter cunt a shift shapes getting bigger and  
bigger  
But I don't lift weights
