Well, we never had the time to plan our life past 30
We were bullet proof, through the roof, nothing could
ever hurt it

Never gave a damn about the other side of the hill
Nothing could stop us, nothing ever will

And when we hit the stage, Lord you'd never know
30 came and went a long time a go

We rocked the 80's like we thought they would never
end

We can still bring the house down like we did way back
when
We can cuss, we can fight, we can go all night
Still tear it up even though

30 came and went a long, long time ago

We were 25, so alive, nothing but the road on our
minds

It was a rocked out, knocked out, sold out show every
time - know that
We were jukebox dreaming and that life we make our
stand
Burning through the night, headed for the promise
land - you know where that is
Well we must've lost track of time cause we didn't know

30 came and went a long time ago

We rocked the 80's like we thought they would never
end

We can still bring the house down like we did way back
when
We can cuss, we can fight, we can go all night
Still tear it up even though

30 came and went a long, long time ago

We rocked the 80's like we thought they would never
end

We can still bring the house down like we did way back
when

We can cuss, we can fight, we can go all night
Still tear it up even though

30 came and went a long, long time ago

We can cuss, we can fight, we can go all night
With the help of pharmaceuticals

30 came and went a long, long time ago
And the 60's up ahead, yes it is...
