[J. French]

Well, I remember the day that it ended, it was a scene
that I never intended
My heart just hasn't been mended from that day on
You looked at me so sadly, you said I treated you badly
You said you want something madly, but now it's gone

Well baby, when, when, when I was in a rock 'n' roll
band and I was playin' a one night stand
And I said I wanna be your man and it was fine
But T said that we hadn't made it, although so invaded
The situation is jaded and it's a crime

And don't you know that I just can't stand still for a
minute, too many memories ended
Well, I just can't stand still for a minute, I gotta move
Well, I just can't stand still for a minute, too many
memories ended
Well, I just can't stand still for a minute, I gotta move,
oh oh, go Eddie, go

[Solo - Eddie]

Well, you know that I just can't stand still for a minute,
baby, too many memories ended
Well, I just can't stand still for a minute, I got to move
Well, I just can't stand still for a minute, oh no no, too
many memories ended
Well, I just can't stand still for a minute, I gotta move

Well, I always been a long gone ember for my love that
I always remember
You know it ended up bleed out December, I never
forget, no I never forget
Because I know deep down in my soul, it's a feelin' that
I'll never control
I'll just keep playin' my rock 'n' roll and I'll make it there

Well, you know that I just can't stand still for a minute,
too many memories ended
Well, I just can't stand still for a minute, I got to move

Well, I just can't stand still for a minute, baby, too many
memories ended
Oh, I just can't stand still for a minute, I got to move
Oh, I just can't stand still for a minute, I got to move
Well, I just can't stand still for a minute
Baby, well, why you treat me so bad, I can't stand it
anymore
Pack all my bags and get the hell outta town, yeah
