[D. Snider]

One, two, three, four

Well, after all the times we met, you said I never was
your man
And though I tried hard to forget, I never quite could
understand
And when I finally realize all the things you meant to
me
You were gone away, leaving everything to me

So would you come back, would you come back to me
So would you come back, you mean everything to me
So would you come back, would you come back to me

Walkin' back the games we played, opening up those
unlocked doors
Remembering all the love we made, always wanted to
make more
And if I had it all again, I'd do it all again for free
'Cause now you've gone away, now there's nothing left
for me

So would you come back, would you come back to me
So would you come back, you mean everything to me
So would you come back, would you come back to me

[Solo - Jay Jay]

You stupid fool, look what you've done, now I'm alone
Now I'm the one, you didn't care but only lied, so here I
stand
And now I'm cryin', oh come back, come back to me
Come back, come, come back to me, oh yeah

And as the hours turn to years, I sit here thinking of the
days
I wish to wipe away the tears and all the things I want to
say
And as I finally dry my eyes and as I turn to walk away
I took my head up to the sky, fell then upon my knees

and pray

So would you come back, would you come back to me
So would you come back, you mean everything to me
So would you come back, so would you come back to
me

So would you come back, so would you come back to
me, yeah
So would you come back, you mean everything to me,
yeah
Would you come back, would you come back to me

Oh, would you come back, would you, would you come
back to me
Oh, na na na na, oh, na na na, yeah
Oh, would you come back, would you, would you come
back to... me, yeah
