They always told me i must try to be
Like everyone in the nation
Go with the flow, remember me is we
There must be no deviation
Well, now i think that i'll go my own way
I've got my own point of view
I just don't care what other people say
I do what i wanna do
You know that i'm ready
I'm ready to rock
You know that i'm ready
I'm ready to rock
Gonna rock

I'm lookin' out for number one / number one I'm lookin' out for number one / number one I'm lookin' out for number one / number one I'm lookin' out for number one / number one

The time has come for you to make a stand You've got to do things your own way Forget about the style, forget the brand 'cause every dog has his own day It doesn't matter what the others think What counts is do you like you? You think you're drownin' but you'll never sink Just do what you wanna do You better get ready, get ready to rock You better get ready, get ready to rock Gotta rock

You know that we're ready, we're ready to rock You know that we're ready, we're ready to rock Gonna rock

We're lookin' out for number one / number one We're lookin' out for number one / number one We're lookin' out for number one / number one We're lookin' out for number one / number one We're lookin' out for number one / number one We're lookin' out for number one / number one We're lookin' out for number one / number one We're lookin' out for number one / number one We're lookin' out for, out for number one
