Hard roads and endless lines
Flow through his veins
Cold steel and hot fuel injected
's the dream that fills his brain,
But no, not slow
The speed fever grows
He rides, he sees, he knows

You've got to
Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide
You ride to live to ride

Life's short and goes too fast
Most pages burn
Don't wait, the end's too near
Some people never learn
You all won't fall, the road fever calls
So run or fly
Don't crawl

You've got to
Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide
You ride to live to ride

Ride on and don't look back,
You can't change what's done
Drive hard for greater glories
You all must be someone
So win, don't show
Let the life fever go
The world is yours you know

You've got to
Ride to live, live to ride
Feel the flames burn inside
And though you know

You ride to hide
You ride to live to
Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide,
You ride to live to ride
