[Madrox]

Hallow, You are hallow like a well with no water and
everyone's thirsty

Above All Now adays everyone's confused and
distracted and everything's so Promising

Let Down Just stand on ur feet if you fall and have
courage to walk again

[Chorus]

Tomorrow We Will Talk about yesterday

Right now i got nuthin' to say honestly

Feel Betrayed like my love was ripped outta me

The Cycle is all to familiar to me

The cycle is all to familiar to me

[Monoxide]

Long day

Feeling like i'm the only one running from someone

I Can't seem to get away

Trapped now

Hidding away from the world with eye's closed and
pretending i'm dead today

Shadows

Shadows scarpe across the floor as i wait for the sun to
return to me

[Chorus]

Tomorrow We Will Talk about yesterday

Right now i got nuthin' to say honestly

Feel Betrayed like my love was ripped outta me

The Cycle is all to familiar to me

The cycle is all to familiar to me

[Mono & Madrox]

My eye's don't see... nuthing but greed ur life Your
hate!

Broken trown away my eye's still glow these feeling's
come and go ur life jealousy these things

Should cease to be My apologese when u think of me
will u over look all that

I've come to be we can find a way we can make it

trough can we shake this pain that has this hold on U!?
Hold on you
Hold on you

[Chorus]

Tomorrow We Will Talk about yesterday
Right now i got nuthin' to say honestly
Feel Betrayed like my love was ripped outta me
The Cycle is all to familiar to me
The cycle is all to familiar to me
The cycle is all to familiar to me
The cycle is all to familiar to me
