[Monoxide]

I'll disconnect you like SBC  
Then reinvent your whole style for free  
Suicide's even a better choice to me  
So you really need to think about the shit you call beef  
Don't come trying to explain a bit  
Cause you really starting to sound like that same lame  
bitch  
Yeah that same lame bitch who used to suck my dick  
Who I see you tongue kiss who you all in love with  
Tell me don't she fuck and suck the dick right  
I hope you don't think she learned all that shit overnight  
Now you stand there looking with the kill a man attitude  
Should've been showing me some gratitude  
The truth hurts like a semi truck,  
Just came outta nowhere and crashed  
And fucked your whole world up  
Don't like it then don't ask  
I won't say shit  
Cause I ain't the one you wanna come and get

[Chorus x2]

Get ready for the fight of your life  
I'm gonna end it tonight  
Come get me if you wanna die  
Just come outside meet me in the moonlight

[Violent J]

I'm drunk in this bitch don't tell me to calm down,  
I coming over there dropping the bomb down,  
Kicking in the front door, what you front for?  
You screaming oh no I'm beaming the four-four  
Don't tell me fuck you on the telephone  
And think it's okay, muthafucka no way!  
Don't flip me off and get caught at a red light  
Cause I'll beat your skull with a lead pipe  
You and your buddy's having funerals next week  
More gonna be busy if I'm throwing a hissy  
I be the bam-bam juggalo 44 clappa,  
Bitch slappa, I shit talk, Crip walk  
Rich rapper, chick tapper, kidnapper

Get crunk, hit blunts, clip punks,  
Come and get this  
And as soon as you miss  
I blow holes in your lungs  
Hear it whistle and hiss  
As you, slowly die

[Chorus x2]

Get ready for the fight of your life  
I'm gonna end it tonight  
Come get me if you wanna die  
Just come outside meet me in the moonlight

[Jamie Madrox]

Oh what now I'm supposed to be scared of you  
Cause you wanna talk and act like them big boys do?  
Shootin dirty looks like you got some hate on your mind  
You ain't the first you can gone wait your turn in line  
Everybody wants some but look how when they get  
done  
Tuck they tail between they legs and run just like a  
bitch,  
Fuckin' with a lunatic on the wrong day  
With a hole where their throat usta be,  
Usually I don't persist with bull shit,  
But today I'm quite pissed, and looking to start shit,  
And if you want beef I got a whole cow off on the trunk  
So be prepared for the drama you bitches and punks  
Yea that's what's up ever ready just like a battery  
Slicing through cartilage and punching in your anatomy  
Over beef don't sleep  
Cause you might not wake back up again  
On the ground and just bleeding

[Chorus]

Get ready for the fight of your life  
I'm gonna end it tonight  
Come get me if you wanna die  
Just come outside meet me in the moonlight  
Get ready for the fight of your life  
I'm gonna end it tonight  
Come get me if you wanna die  
Just come outside meet me in the moonlight  
Come get me  
For the fight of your life  
Just come outside meet me in the moonlight  
Come get me  
For the fight of your life  
Just come outside meet me in the moonlight  
Come get me  
For the fight of your life

Just come outside meet me in the moonlight
