Are you prepared to pay the price?
Do you know the pain of sacrifice?
Is there a fire burning deep inside of you?

You've fought for this moment for so long
Your body grows weary, your will is strong
You're finally standing right where you belong

Hear the cheering voices rise
You stand before the crowd with your arms raised high
You know the feeling that won't fade with time

To be a champion! To be a champion!

Many shall falter, so few prevail
Future generations will tell your tale
The modern day warrior's fight to never fail

Those who will face you to strike you down
Show them no mercy, leave no one in doubt
There is no other deserving of the crown
