[Jamie Madrox and Blaze:]  
It's Halloween bitch!  
So unless you down with this killa shit  
You better get your bitch ass in the house  
Before you get your fucking neck chopped  
(What the fuck up with this mothafucking bloody axe  
mothafucka)  
(Psychopathic!)  
Kick the scream in  
[Screaming]  
Hallo-wizzle  
On Halloween the children scream  
They're terrified of scary dreams  
The fright of being scared to death  
Is sometimes just to much to handle  
On Halloween the dead awake  
Looking for people's life to take  
With them back to their hallow-grave  
The thought is just to much to handle
