"When The Daylight Fades"

Shadows grow longer, my heart grows colder
Unsure of what the moonlight will bring

Feel the darkness falling, hear their voices calling
They're calling out my name, in the night their
searching
Vengeance from the grave but my soul will be saved
When the daylight fades

Visions form a past like keep coming
Never to leave me in peace

Time holds the secrets, my mind knows the weakness
Pulling me under, my soul torn asunder
Is my reflection, a form of deception?
Help me to free, help me to release them!
