We haven't come to the end of our journey
This is just the begining
The begining of what you ask?
The begining of forever
Through the eyes of many we are judged daily
And although their hatred for use may seem great
It will never surpass the love we pledge to each and
every one of ya'll

Show me the reason why...
(we do the things that we do)
Show me the reason why...
(take a chance with me I won't let you down)
Show me the reason why...
(we represent the underground always have always will
now)
Show me the reason why...
(take a chance with me I won't let you down)

You're the reason why I can express myself freely
And give the finger to those who try hate but wanna be
me
You're the reason why I won't do 20 to life
You shead some light up on the might be able to
change the world for all of us
You're the reason my heart is still pumping
And I ain't out on the corner dumping or shooting
somthing
You're the reason we representing the twiztid sound
Fuck the mainstream, the life fo me is the underground
You're the reason why the hotlines are updated
And the website is always being upgraded
You're the reason why I'm glad to be a juggalo
And bring the wicked shit to every town now everybody
go
Your the reason I be kissing the clouds
And walk through the curtain and captivate the whole
crowd
You're the reason I've existed all along
You're the reason for this song...

Show me the reason why...
(we do the things that we do)
Show me the reason why...
(take a chance with me I won't let you down)
Show me the reason why...
(we represent the underground always have always will
now)
Show me the reason why...
(take a chance with me I won't let you down)

You're the reason why I get no sleep
Sometimes it's just a couple days
On the tops it's weeks and weeks
You're the reason why I still got heart
For my los and lettes
And BIG KIDS for the most part
You're the reason why the season never change
If we paste our problems together
We all can re-arrange and stand strong
Your's the reason why we been here so long
And representing you for the beats that we flow on
You're the reason why we do what we do
If you see us putting it down, we representing you
You're the reason why I want to cry
Ya see we love ya muhthafuckas so much we dedicate
our lives
Family, unity, with diversity and individuality so fuck
popularity
You're the reason why we sing this song
And stay high till the break of dawn
Hit the bong and come along

Show me the reason why...
(we do the things that we do)
Show me the reason why...
(take a chance with me I won't let you down)
Show me the reason why...
(we represent the underground always have always will
now)
Show me the reason why...
(take a chance with me I won't let you down)

You're the reason why I can walk on top of water
And represent your sons a daughters
You're the reason why I float below the ground
And when the lights go I'm still alight
Cause I'm living off of sound
You're the reason why I put my life into this shit
I swear to god if you don't feel me, I'm just as real as
counter-fit
You're the reason why I've been chosen, selected

With the juggalos I'm connected

You're the reason why I stop to give a shake a hand,
and hug the honeys
And tag a twiztid autograph
You're the reason why crows fly
You're the reason we scream DieMuthaFuckaDie to the
outside
And everybody who ain't rapping this
You're the reason why the Carnival is blessing this
You're the reason why I act like a ninjalo
You're the reason why muthafacko I think ya know

Show me the reason why...
(we do the things that we do)
Show me the reason why...
(take a chance with me I won't let you down)
Show me the reason why...
(we represent the underground always have always will
now)
Show me the reason why...
(take a chance with me I won't let you down)

I wont let you down...
I wont let you down...
I wont let you down...
I wont let you down...

Show me the reason why...
(we do the things that we do)
Show me the reason why...
(take a chance with me I won't let you down)
Show me the reason why...
(we represent the underground always have always will
now)
Show me the reason why...
(take a chance with me I won't let you down)

Show me the reason why...
(we do the things that we do)
Show me the reason why...
(take a chance with me I won't let you down)
Show me the reason why...
(we represent the underground always have always will
now)
Show me the reason why...
(take a chance with me I won't let you down)

It's coming...
It's coming...
It's coming...

It's coming...

It's coming...

[Some backwards shit. Something about "halloween"]
