This is the last time you'll ever see me standing in the
rain

Come take a closer look, you won't see me there

I'm not gonna let you laugh this time

I won't be your puppet anymore

I've wasted my time listening to you

I'm tired of you stepping on me

I'm standing up for myself

And you will see me going through the

Dark without seeing anything

(And my senses won't fail)

Cause this time I have someone holding my hand

Enough suffering

Enough duct tape on my heart

Letting all break loose

I'm not gonna let you take the best of me this time

So get away get away

Place the Right King on the Throne

And then will see you going through the

Dark without seeing anything

(And my senses won't fail)

Cause this time I have someone holding my hand

No more welcoming the pain

Cause this time I have someone holding my hand
