You have to climb the top  
Go on, don't give up  
It never seems to end

It's controlling me  
This ain't what I want to be  
Save me from this mess

To dance all the night in the midnight sun  
That is my dream  
The drops lick my skin  
I dance with the wind  
It blows me away

Du ser hu som danse i skogen  
Me lette skritt  
Me lokkane Å,yne  
Hu strekke ud hÅ¥nnÅ¥  
Men du nÅ¥r an ikje

Du ser hu  
Hu strekke ud hÅ¥nnÅ¥  
Men du nÅ¥r an ikje  
Å¥ dansa i midnattsol  
De e min drÅ¥m

To dance all the night in the midnight sun  
That is my dream  
The drops lick my skin  
I dance with the wind  
It blows me away

[The norwegian part in this song tells of a girl dancing  
in the woods.  
She gives you her hand, but you can't reach it.]
