Here it comes
Here it comes
A storm again
Like a huge dog
Or a thunder light

He breath only a few times
And a child is dead
Like an omen dream
In a holy land
Unholy land

Believe me
Believe me
It's the omen of the devil
The number of the beast
The number of the man

He comes and comes
Dig my grave
Take life away
And make his world
His own world
Unholy world

He is a devil
A son of Satan
He comes and comes
He comes and goes
Whatever he wants

Believe me
Believe me
It's the omen of the devil
The number of the beast
The number of the man
