Just wild beat communication  
I want you to know my passion  
No one can deny it, no one can defeat it  
I need you to know my feeling and affection tonight

Found you out and I hold you tight  
You've been lost and seeking for the way to light  
I don't know what I can say to you  
But I can be your maternal home my love  
One by one and step by step  
Pain of the broken heart will be healed and cured  
Take your time and look back one more time  
There was someone to help you and give you hands

Now you have stepped onto the path to your new life  
Just trust your sense and knowledge  
I'll give you love and kiss that'll make you strong

Just wild beat communication  
There'll be no explanation  
Break out all the sadness reach out for the madness  
Rush ourselves into the rainstorm of our love  
Just wild beat communication  
I want you to know my passion  
No one can deny it, no one can defeat it  
I need you to know my feeling and affection tonight

Look at you and I touch your lips  
Once you know what you feel then you'll know it's real

I just don't want to lose you tonight  
I just want you to be with me till day breaks  
Long for you and I yearn for you  
When you know what you feel then you'll be aware  
Freeze my time and kiss me one more time  
There is something you can trust in my eyes

Now you have opened up the gate of your new love  
Just believe first impression  
I'll give you hope and joy that sets you free

Just wild beat communication

I want you to keep my passion  
I'll be here to help you, I'll be here to love you  
I'll be with you to fight against loneliness  
Just wild beat communication  
Want you to hold your conviction  
Bursting with my heartbeat  
Bursting with your energy  
Bursting us into the innocent affection tonight

Just wild beat communication  
There'll be no explanation  
Break out all the sadness reach out for the madness  
Rush ourselves into the rainstorm of our love  
Just wild beat communication  
I want you to know my passion  
No one can deny it, no one can defeat it  
I need you to know my feeling and affection tonight
