It comes and goes  
But I go on forever  
I slip and I slide  
Let it flame or fade  
And the war rolls down like a wind  
The quiet dreams in life  
Slowly passing by  
Heavier than anything on Earth  
If this is my war  
I'll do anything  
If this is my war  
It's enough to drive me mad  
My shadow is still the same  
Release and restore me to the ground  
I can't recall  
Is this the place that I knew  
I suffer  
But not for long  
The quiet dreams in life  
Slowly passing by  
Heavier than anything on Earth  
If this is my war  
I'll do anything  
If this is my war  
If this is my war  
I'll do anything  
If this is my war  
It's a day of pain  
All is over and done  
If this can't change  
How can I?  
Let's beat the twilight  
Into flakes of fire  
If this is my war  
If this is my war  
I'll do anything  
If this is my war  
(If this is my war)  
If this is my war  
I'll do anything  
If this is my war  
(If this is my war)
