(It's all for you)

Woo

(It's all for you)

Woo, yeah

(It's all for you)

I've the seen the world, none of it compares to you
I can't deny it, without you I won't make it through,
through

'Cause I see you, you see me, more than what these
people see

You looked at the worst in me, and still loved me (still
loved me)

You can change the night to day, make my problems
fade away

Fixed the mess that I have made

(Chorus)

What can I say, what can I do

To show you that I'm all for you?

There's nothing to hide, there's nothing to prove

To show you that I'm all for you

I'm all for you

I'm all for you

I've spoken many words, they've sounded so absurd

To think I gave you part of me when all is what you're
worth

And now I'm standing here, waiting to face all my fears

To show you I belong to you , and nothing else
compares

'Cause I see you, you see me, more than what these
people see

You looked at the worst in me, and still loved me (still
loved me)

You can change the night to day, make my problems
fade away

Fixed the mess that I have made

(Chorus)

What can I say, what can I do

To show you that I'm all for you?

There's nothing to hide, there's nothing to prove

To show you that I'm all for you
I'm all for you
I'm all for you
I know you in the dark when my heart is blind and
searching
Rip me all apart then back together like a surgeon
Kinda like a single mom 'cause she was always working
Just to make the better life for me so I ain't hurting

Now I'm back to business
So first I'll be your witness
Your loves got me tripping
(???????)
Brand new life I'm living
Enjoying every minute
You gave everything for me
And now it's time I give my all for you

(Chorus)
What can I say, what can I do
To show you that I'm all for you?
There's nothing to hide, there's nothing to prove
To show you that I'm all for you
I'm all for you
I'm all for you
(It's all for you)
