(chorus)

Time for change, let it rain, pour down something new.  
Not the same, something more, something different  
something.

Out with the old

Just let it go

And let the lord be something.

Eyes haven't seen

Ears haven't heard

You cant even imagine

What God has is so fresh

I want everything new like its straight out the box

I mean something supernatural

Something that's never been used

That nobody's got

'Cause I'm tired of the same old -same old

Need a brand new start

With a brand new heart

Forgetting those things behind me

I'm ready for the new thing Lord

There's gotta be something better

There must be something more...

What God has is so fresh

(chorus)

Time for change, let it rain, pour down something new.  
Not the same, something more, something different  
something.

Out with the old

Just let it go

And let the lord be something.

Eyes haven't seen

Ears haven't heard

You cant even imagine

What God has is so fresh

I want whats next

i want only the best

Time for me to move forward

I want whats in store

An open door

A want life thats more abundant  
I want you breathe  
Breathe on me  
Release your power and glory  
I-I-I want something more  
Ma-Ma-Make me over Lord  
Not gonna live life still no more  
(cause i know)  
What God has is so fresh

(chorus)

Time for change, let it rain, pour down something new.

Not the same, something more, something different  
something.  
Out with the old  
Just let it go  
And let the lord be something.
