Come on
Yeah
If you want it all back jup to your feet right now
For the kingdom suffers violence
But the violent taketh taketh be force
Lets go
Yeah
We gonna take it back
Somebody scream

I want it all back
I want it all back
I want it all back
I want it all back

You may have though you won that last round
You may have laughed (cuz) I almost fell down
Maybe you think I give up easy
But it's not over I got more in me
You thought I stopped you thought I sat down
But I am standing you made me mad now
You got somethings I think you owe me
I've come to get back everything that you stole

I want it all back
I want it all back
I want it all back
I want it all back

You hit me hard I should be knock out
Things i've been through don't even wanna talk about
You crossed the line (this time) you violated me
I want revenge (I want everything back from) A to Z
The battles not mine the battle is the Lord's
In the name of Jesus i'm taking it be force

I want it all back
I want it all back
I want it all back
I want it all back
I want it all back
I want it all back

I want it all back
I want it all back

If you only knew what I was gonna be
after the storm you wouldn't have even bothered
If you only knew what I was gonna be
after the storm you wouldn't have even bothered
If you only knew what I was gonna be
after the storm you wouldn't have even bothered
If you only knew what I was gonna be

after the storm you wouldn't have even bothered

Devil if you only knew what I was gonna be after the
storm
You wouldn't have even bothered me
Yeah

(But now i'm) stronger
(And I got more) power
(I'm a little bit) wiser
(And I got more) strength
(I got thee) anointing
(Got God's) favor
(And we're still) standing
I want it all back

(Man give me my stuff back)
Give me my stuff back
Give me my stuff
Give me my stuff back
I want it all
Give me my stuff back
Give me my stuff
Give me my stuff back
I want it all

I want that
I want that
I want that
I want that

What about your family and all your self-esteem even
your destiny? (I want that)
What about the joy you tasted & the time you wasted
do you want it back? (I want that)
What about your place in God & all your faith in God
even the ways of God (I want that)
What about your hopes & dreams & your communiies
even your kids and teens? (I want that)

I want that
I want that
I want that
I want that

What about your family and all your self-esteem even
your destiny? (I want that)

What about the joy you tasted & the time you wasted
do you want it back? (I want that)

What about your place in God & all your faith in God
even the ways of God (I want that)

What about your hopes & dreams & your communiies
even your kids and teens? (I want that)

I want that
Want that
Want that
Want that

I want it all back
