Come on  
Yeah  
If you want it all back jump to your feet right now  
For the kingdom suffers violence  
From the violent taketh taketh be force  
Lets go  
Yeah  
We gonna take it back  
Somebody scream

Everybody say  
I want it all back  
Everything that you took from me I want it  
I want it all back  
Even my joy and my peace from me Come on  
I want it all back  
Everything that you got that's mine  
I want it all back

Listen Devil  
You may have though you won that last round  
You may have laughed ('cause) I almost fell down  
Maybe you think I give up easy  
But it's not over I got more in me  
You thought I stopped you thought I sat down  
But I am standing you made me mad now  
You got somethings I think you owe me  
I've come to get back everything that you stole

Everybody say  
I want it all back  
Everything that you took from me I want it  
I want it all back  
Even my joy and my peace from me Come on  
I want it all back  
Everything that you got that's mine  
I want it all back

Ladies say  
You hit me hard I should be knock out  
Things i've been through don't even wanna talk about  
You crossed the line (this time) you violated me

I want revenge (I want everything back from) A to Z  
The battles not mine the battle is the Lord's  
In the name of Jesus i'm taking it be force

I want it all back  
I want it all back  
I want it all back  
I want it all back  
I want it all back  
Anybody else mad with me come on  
I want it all back  
I want my joy and peace let say it  
I want it all back  
Everything that you got that's mine I want it all back  
I want it all back

Fellas  
If you only knew what I was gonna be  
after the storm you wouldn't have even bothered

(Enter Altos )If you only knew what I was gonna be  
after the storm you wouldn't have even bothered  
(Enter Sopranos) If you only knew what I was gonna be  
after the storm you wouldn't have even bothered  
If you only knew what I was gonna be  
after the storm you wouldn't have even bothered

Devil if you only knew what I was gonna be after the  
storm  
You wouldn't have even bothered me  
Yeah

(But now i'm) stronger  
(And I got more) power  
(I'm a little bit) wiser  
(And I got more) strength  
(I got thee) anointing  
(Got God's) favor  
(And we're still) standing  
We want everything you took from us right her right  
now  
I want it all back

(Man give me my stuff back)  
Give me my stuff back  
Give me my stuff  
Give me my stuff back  
I want it all  
Give me my stuff back  
Give me my stuff
