Shamed on, played on, mothafuckin' hated on
Hated misery so I keep my company gone
Six blondes, no bras, beggin' me to fuck 'em raw
Only with a rubber on, get served, volleyball
Sick world livin' in, pissin' in the whirlpool
Last dollars on this coffee table, but I'm good
Hand to the sky, prayin' like Christ would
It's hard to level when all of us harvest from the ghetto
You are fellows, get marshmallow, get so sparrow
Wakin' up on God's green, bloody on your knees
This malt liquor vendor sell it to you, no ID
These young niggas high on pills, they don't want
degrees
My art speaks, illustrated it on a beat
If all fails, at least I lived with memories
Judgement day, the only day of death,
So mothafucka don't you test me nigga

(Chorus)

I can't, won't win a break,
You a real hater I can see it on your face
You don't want to do that (do that)
Mothafucka you don't want to do that (do that)
Nah, been hustlin' all my life, I want to do right
Roll to success only way to survive
So I got to do that (do that)
Yeah I got to do that
Mothafucka let the angels sing!
Do that!
Let the angels sing!
Do that!
Apollyon's theme...

How you say you innocent, illegitimate children

Anger hurts, who feels it? Honest resentment
Fuck 'em
Middle finger, never bent
Only at the Lord's gate
Judging me to let me in
It's funny when these federal bills
Spendin' from zillion(?)

Since they figured from being back in terms, no friends
I'm only human
Flies down to tell us actually we all die soon
Like ...(?)
Hard body, funerals invite only
Body eroded, you should bury me with black roses
Time sold by the (?) quarter on my arm
(?) ..blind the Reaper with your charm
Get money like I'm Jewish
Cheaper than the newest on my girl
Indian style, like Buddhist
Hair to their booties, that's my Call of Duty
Mothafucka toodles...

(Chorus) (x2)

I'd rather spend my life, my life, my life, my life duckin'
one time (x2)
I'd rather spend my life, my life, my life, my life, my
life, my life, my life duckin' one time!
I'd rather spend my life (x2)
One time!
I'd rather spend my life (x2)
Duckin' one time!
I'd rather spend my life, my life, my life, my life, my
life, my life, duckin' one time!
One time! (x5)

Uhh, Apollyon's theme...
