Looking at the ceiling, thinking why I treat you bad
Ain't no worser feeling than knowing I did it for the
laughs
Arguing all I was doing, accusing you, my bad
Said let's take some time, never mind, rewind

Looking at the ceiling, thinking why I treat you bad
Ain't no worser feeling than knowing I did it for the
laughs
Arguing all I was doing, accusing you, my bad
Said let's take some time, never mind, just playing with
your mind

I always thought, play dumb and let the other one love
Why get caught up in a web of trust?
Only love for fun, I'm too young, I thought
All I wanted was a thanks, them Louboutins I bought
But it ain't your fault
Heaven knows you deserve it all
You sent letters to my heart, but I burnt them all
The Bible says before you run, gotta learn to crawl
But I don't wanna waste time if we ain't involved

Aw Aww
We been through it all
I know I broke your heart once before
But I'm done
Aw aww aww
Tell me what's wrong
I know I never listen, but just listen to this song
Aww man
I promise we gon do it til the sun come down
I swear it's going down
I promise we gon do it til the sun come out
Fuck if they don't do it, we gon do it all

Now the ceiling fan spinning, getting dizzy, man
Wondering who she with, maybe should I call?
Don't be desperate, man
This ain't no tag-you're-it, hide-and-seek shit
Reality just kicked in, I lost one and now she's winning
Found another nigga she did

Says he treat her like a queen, but she probably control
him
Fuck that, I gotta get her back to where we started
Start over again, this time her heart's in
Honestly, leave us, leave us, let's just talk about it
I know before I wasn't much of a man about it
But this time I realize I can't live without you
Believe when I say it's true
I love you

Aw Aww
We been through it all
I know I broke your heart once before
But I'm done
Aw aww aww
Tell me what's wrong
I know I never listen, but just listen to this song
Aww man
I promise we gon do it til the sun come down
I swear it's going down
I promise we gon do it til the sun come out
Fuck if they don't do it, we gon do it all

Love make you do it all
Going up and down like a see-saw
Can't be a player forever, dog
It feels so good, but I know it's wrong
Motherfucker, drink what I'm sipping on
Motherfucker, drink what I'm sipping on
Motherfucker, drink what I'm sipping on
A bottle of love, tell me if it's too strong

Aw Aww
We been through it all
I know I broke your heart once before
But I'm done
Aw aww aww
Tell me what's wrong
I know I never listen, but just listen to this song
Aww man
I promise we gon do it til the sun come down
I swear it's going down
I promise we gon do it til the sun come out
Fuck if they don't do it, we gon do it all

We gon do it all
We gon do it all
We gon do it all
We gon do it all
We gon do it all
We gon do it all

We gon do it all
Fuck if they don't do it, we gon do it all
