Yeah, need a break though

Driving, but my mind in the back, you are alone  
But it's quiet cause we occupy to that  
I left my phone, stopped for gas, then some girl named  
Janet  
Said it really pissed you off and you let it build a wall  
Emotions tall, we're in the mall and some random girl  
call  
And Mina text it back, I ain't trying to lose it all,  
Cause family first and pussy last, the last pussy that I  
had  
It was good, but she ain't no trophy to brag  
But I should do it anyway, cause we can fall off any day  
And you'll be right back to where you was, yeah, your  
momma place,  
Had things to say and girls are paid and you just lay  
around  
Man, you're so spoiled now, only child!  
Been this as usual, while you yell our business so loud  
Bringing these groupie bitches around you  
They ain't your friends, they're fowl  
Swear so they tell addresses in your mail  
First to say, "I told you so!"  
But first off, ain't them all alone?  
Yeah, I told you so, you keep your enemies too close  
Not everybody auntie know, we're supposed to be like  
on the low!  
Remember before we've been down this road  
Tie your flat on the slope,  
Came to a stop as soon as I spoke,  
Cause you know:

Hook:

I wanna tell the world about you  
But this is like you sworn the secrecy!  
What do we sacrifice, growing up to fall in love so fast  
Hope we don't become enemies!  
I put my faith in God, you put your faith in me  
Now I'm just trying to keep my sanity!  
Why do we sacrifice to fall in love so fast?

Man, I hope we don't be enemies  
I'm still seeking!

I ran into my ex like the other day  
Then when I let you know,  
Cause usually you looked the other way.  
Despise face with hatred  
Visions of me and her naked  
Lies, you can't take it  
Cheated before, but not lately!  
Lately I've been so into this shit, love is amazing!  
Said you was amazing spending your time  
All of your time into the...  
But it's one person you relate with  
You go wild and lay with!  
Never been good with relationships  
Life difficult, she make a basic  
Yeah,... I drive slow, your body in my control  
It's my control, ain't gotta go  
No way, just pose like feel gold!  
Let the time go, we'll go, too  
No telling what I might do without you cause  
I got a pass and you do too  
But I ain't gotta judge what you've been through,  
cause:

Hook:

I wanna tell the world about you  
But this is like you sworn the secrecy!  
What do we sacrifice, growing up to fall in love so fast  
Hope we don't become enemies!  
I put my faith in God, you put your faith in me  
Now I'm just trying to keep my sanity!  
Why do we sacrifice to fall in love so fast?  
Man, I hope we don't be enemies  
Cause you know:  
I wanna tell the world about you  
But this is like you sworn the secrecy!  
What do we sacrifice, growing up to fall in love so fast  
Hope we don't become enemies!  
I put my faith in God, you put your faith in me  
Now I'm just trying to keep my sanity!  
Why do we sacrifice to fall in love so fast?  
Man, I hope we don't be enemies  
I'm still seeking!
