[VExplainerse 1: Kirko Bangz]

Uh, I be that nigga from the east side  
Put my daughter up in your pussy, I don't need no prize  
And you don't need those guys  
These versace shades you don't need those guys  
I'm the reason that you left that guy  
Now and I check the guy if he get outta line  
And I ain't here to stress you out, I'm here to stretch it  
out  
And I'mma make it mine and I can put you in the  
spotlight  
I can put you I can put you in the limelight  
Yeah girl tell me when the time right  
That pussy cold I'mma hit it with my klondike  
Yeah and I just wanna fuck with you, them other girls  
can fuck with you  
And that nigga he in love with you, but I just wanna bust  
it lose

[Hook x2]

I love the way that you feel  
I love the way that you talk  
I love it cause you so chill  
I love the way that you walk  
I'm so in love with your style  
And you been working so hard  
So I'mma make my way to your crib  
And let you play this guitar

[Verse 2: Tyga]

Uhh back it up, I love it when your jeans show your  
panties, uh  
And I'm grabbing on your waist cause I'm hard as fuck  
Uh I don't want to waist time, we can take it slow  
Couple overnights, couple x and o's  
Now I gotta take a flight now you'r back at home  
Can't sleep at all, cause you alone  
Ain't comfortable you need me right there right there  
I love how your booty soft

Man I really wanna take you down  
And I love how she ride the top right after sex  
And she right with yal, true, man I'm really loving you  
Really wanna put my toungue on you  
Ain't no telling what the toungue will do  
Make the orgasm last longer then it's supposed too  
man

[Hook x2]

[Outro]

Say anything you want  
Girl you know that you can have it baby (have it girl)  
I got everything you need, Ain't even gotta ask me
