Chorus

Never will I be the same since the money and cars
came with the fame
We just party throw parties cause, I've got a name,
For them life is the same, (the same)
But me, I will never be the same!

As I hail mary prayer, my way to the stage,
grab a hydro oxygen, throw a little to cool face
never afraid, lyrical grade A, MJ's is win the game.
Feeling like a mob wishing things now was like back in
the day!
Got a big break, seen a little cake
now everybody and they momma wanna hate
(everybody and they momma wanna hate)
But would you wait?
Sleeping on me, you won't wake,
Vision is a killer looking in my eyes, you will see, triller
nigger?

Chorus:

Never will I be the same since the money and cars
came with the fame
We just party throw parties cause, I've got a name,
For them life is the same, (the same)
But me, I will never be the same!

Rolling down the window, on a new benzo
Hollerin at these bimbos and my girl find out no more
bring your car out, for me!
Shit I was only nineteen.
Fuck that bottle rose, been these chains, oh chains for
lastkings!
More money, more money,
young money, your money,
I just tell 'em fuck off!
These new niggers on pause!

What's a dog with a bark to a tiger and a shark
and you wonder why I'm off the wall
bitch, cause bad, bitch, to the bone!

Chorus:

Never will I be the same since the money and cars
came with the fame
We just party throw parties cause, I've got a name,
For them life is the same, (the same)
But me, I will never be the same!

Talking: You muthafuckas think you know me, (I will
never be the same) You don't know shit (I will never be
the same) About me (I will) See cause I don't even know
about me, (I will never be the same)

High-rise standing on your ceiling overlook Wilshire
Would've got a dope enter if you rich shit you aint into
niggah
I be counting hunnits till I'm numb
Go to the bank cause its fun
What you think cause I'm young said coconuts to a
drug that I'm dumb?
Tell that girl come get some two balls for the price of
one
You can be my little second mom,
When I' m done, take my kids, aha!
Yeah, you like that, your keys in your lap
don't get attached close to the king, had to get it tatted
on my back

Chorus:

Never will I be the same since the money and cars
came with the fame
We just party throw parties cause, I've got a name,
For them life is the same, (the same)
But me, I will never be the same!
I will never be the same!
I will never be the same!
I will never be the same!
