I'm rolling up that gold thing
These bitches at the door man
She giving up that domain
Don't give my number she know the name,
That king sh-t that be my game
Ain't got a nigga her ex lame,
She usually don't do this tonight
She gon' f-ck with me.
I beat up that p-ssy that wet in my two seater
Her nails done, her hair did
I'm about to mess up all of it.
Just don't say another word, you wanna talk just use
your tongue,
Roll over, give daddy some, I'm gon' cum you
Gon' cum like

(chorus:)
Don't it feel good?
Got you dripping down your thighs,
Then you gripping on the wood
Alright (alright).
She said don't it feel good?
Then she ridding on the top,
She about to make it pop.
She said,
Why f-ck with everybody?
I say, baby In only be f-cking you!
She said,
Don't be f-ck with nobody I want you to myself
And I want you too.
So you know I say just get on the bed,
I know you want it babe so open your legs,
I know when you cumming baby.
My tongue got you going crazy your toes and thighs
shaking, I eat up!
She said, I'm ready to f-ck, ooh yeah,
She said, I'm ready to f-ck, Yeah!

(Verse 2:)
Dealing with these bitches
You got to have your game tight,
Cause most of them won't act right.

You got know how to lay your pipe,
My ex bitch named Jordan, she pretty, so spoiled
No nigga gon' love you how I love you Sally Blows
I need some (I need some), I need some (I need some)
I found some (I found some), I hope it's real (I hope it's
real)
Cause ain't no telling what these girls be trying to get
I'm young and rich,
I'm these niggas, so I give them clean dick
Like (ha ha)!

(chorus:)
Don't it feel good?
Got you dripping down your thighs,
Then you gripping on the wheel
Alright alright.
She said don't it feel good?
Then she ridding on the top,
She about to make it pop.
She said,
Why f-ck with everybody?
I say, baby In only be f-cking you!
She said,
Don't be f-ck with nobody I want you to myself
And I want you too.
So you know I say just get on the bed,
I know you want it babe so open your legs,
I know when you coming baby.
My tongue got you going crazy your toes and thighs
shaking, I eat up!
She said, I'm ready to f-ck, ooh yeah,
She said, I'm ready to f-ck, Yeah!
