Snapbacks Back, Snapback Back  
That's all these niggas saying, I brought Snapbacks  
back  
I'm a fresh as nigga, bitches know I'm the shit  
25 for my belt, nigga get off my dick

[Verse 1: Tyga]

I brought the snapback back, snapback back  
Man all these niggas foul like hack-a-Shaq  
Nigga racks on racks, my bitch ass so fat  
Yo bitch booty like a pancake, flat flapjack  
I make your dollars collapse trail low in the strap  
Shells big as a turtle Master Splinter to rap  
Spin you like Urkel your body hanging from fat  
Thought you was sharper than tacks, get you thrown  
like some jacks  
All these bitches with these tassels on their titties tryna  
tax  
I don't give a f-ck if none of yall don't rap  
I could pull a bitch just turning my back  
Who knew that, venus trap  
Flyest nigga in the class  
Goyard bag, see that tag?  
I could pay your rent all year boy  
Yo mama know, your cousin, sister brother and your  
mama know  
Your cousin, sister brother and your mama know  
Your cousin, sister brother and your mama know  
Bitch, your granny know nigga

[Verse 2: Chris Brown]

Leggo, snapback back, put V.A. on the map  
  
I'm a young nigga, heartthrob, girls cardiac  
I got your girls all on my dick  
Yeah them chickens giving me neck, nigga  
You ain't talkin bout shit  
F-ck your city, press eject  
Too busy coughing up them hairballs

Fur coat, Bear dog  
Spray these niggas like aerosol  
And f-ck them old niggas: Geritol  
Hold up, snapback on  
Champagne MCM backpack on  
Lucky that my situation in this probation  
Won't even let me strap that tome  
My condo aint no hotter, I be right at home  
What you mean nigga I'm coherant  
Steez out with my D out and you wonder  
Why your shorty be disappearing  
Ha-Ha I brought the snapback back  
Last kings and them Ti\$as yeah they sell like crack  
You got no car insurance, no Ray Bans  
This Geico, caveman  
First of the month you do a praise dance  
Like I'm moving on up, Aye man  
Stop that, drop a hat in the club  
They gon be like that nigga on drugs  
Get more respect in L.A. than you do
