[Drake]

I feel good I got some time off, Girl its been so long
Did you have fun? 'cause Ima need a cab just to get me
home

And maybe you can call in sick

And bring you to the crib and get all this, all this

I know, I know I'm blunt, but how real is that?

You want that feeling back?

[Tyga]

Probably one of my realest loves ever

Four page letters, and time is all better

'Cause time heal whatever

Ima need a moment 'cause moments last forever

Cars with cream leather, Females are on a regular

What's the point in titles, we liking it how they tell us

I'd rather stay friend with benefits till we ready

Now ready, Sean Don got me feeling heavy

She like "one more chance", more problems no biggie

ah

It's all good don't take it the wrong way

Ain't nothing personal, but who this nigga in your face?

We can leave together or give eachother space

The night young, we should head over to my place

Ha, now we laughing and all that (all that)

Tell your friends they can fall back

Ain't even gotta ask twice

She said what you feeling like?

[Drake]

I feel good I got some time off, Girl its been so long

Did you have fun? 'cause Ima need a cab just to get me
home

And maybe you can call in sick

And bring it to the crib and get all this, all this

I know, I know I'm blunt, but how real is that,

You want that feeling back?

Well you should know

I still got it for ya, I still got it for ya [x3]

And even though we let it go, it's better that you know

I still got it for ya, I still got it for ya [x3]

And even though we let it go, it's better that you know
I still

[Tyga]

Uh, ain't no, ain't nobody like you
Heard you gotta ballplayer, but he don't excite you
I ain't the one you gotta lie to
Lay down, relax, climax, let me bite you
Uh, still a, still a superfreak
You know how it be when I'm rolling in the sheets
Enough about me, I heard you finished your degree
Just call me Genuine, 'cause I'm the same O G
We was young, full of insecurities
Grown up now, all we got is old memories
Used to be like enemies
Arguing in Barney's, fly shit, too much pride to say
sorry
Problems ruined like half the day
Number 24, let it fade away
She gotta leave, but she wanna stay
She like, how you feeling babe?
Like, like, shit

[Drake]

I feel good I got some time off, Girl its been so long
Did you have fun? 'cause Ima need a cab just to get me
home
And maybe you can call in sick
And bring you to the crib and get all this, all this
I know, I know I'm blunt, but how real is that,
You want that feeling back?
Well you should know
I still got it for ya, I still got it for ya [x3]
And even though we let it go, it's better that you know
I still got it for ya, I still got it for ya [x3]
And even though we let it go, it's better that you know
I still got it for ya, I still got it for ya [x3]
And even though we let it go, it's better that you know
I still got it for ya, I still got it for ya [x3]
And even though we let it go, it's better that you know
I still.
