Lil Wayne:

Uh

And mama used to say someday some girl gon get me

Uh

But I wouldn't know love it it walked right up and hit me

Uh

And if I fall to the ground, I'll get up and fight another round

But I got money on my mind

Money on my mind

But now...

I keep thinkin' of you

I keep, I keep thinkin' of you

I keep thinkin' of you girl

I keep thinkin' of you

I keep, I keep thinkin' of you

I keep thinkin' of you girl

I keep thinkin' of you I keep, I keep thinkin' of you I keep

thinkin' of you girl I keep thinkin' of you I keep, I keep

thinkin' of you I keep thinkin' of you girl

Hey!

And we ain't even gotta go far

We ain't gotta talk about the war

We can just get it, get it, get it, get it, get it, get it, get it

I said, we ain't even gotta go far

We ain't gotta talk about the war

We can just get it, get it, get it, get it, get it, get it, get it

I keep thinkin of you girl

Tyga:

Damn, I'm just thinkin

'03 winter

Chirpin' late night

You had the light up antenna

Voices far from tenor

13 speakin like we 23

Sometimes I would even miss dinner cuz

Talkin with you was more important

Than Jordan's release for the 17's, remember?  
I get em, similar to any girl I've mentioned  
They on me, thought I'd mention  
I'm just playin with your intuition  
You seemed to sense that I was different  
But too flashy for boyfriend material (why?)  
But I beg to differ  
And insisted on showing you more material  
Now listen, let's kiss like Gene Simmons uh  
Got a vision, fuck a title  
We the perfect image, you and I  
No I and them  
Them girls, you be eyein them  
Cuz they be eyein him  
They feelings stronger than vitamins  
Lovin you to death I didn't expect  
Know beautiful girls make you suicidal  
Guess I'm dyin

Lil Wayne:

Um  
Up jumps the boogie  
And shawty says she feelin' my flavor  
And even when I ain't lookin  
I got her on my radar  
And yes I know that I am so so blessed to have her  
So yesterday, today, and the day after  
I keep thinkin' of you  
I keep thinkin' of you  
Oh I keep...thinkin

I keep thinkin' of you I keep, I keep thinkin' of you I keep  
thinkin' of you girl I keep thinkin' of you I keep, I keep  
thinkin' of you I keep thinkin' of you girl I keep thinkin'  
of you I keep, I keep thinkin' of you I keep thinkin' of  
you girl I keep thinkin' of you I keep, I keep thinkin' of  
you I keep thinkin' of you girl

Shawty say she feelin' my swag  
Shawty say she feelin' my style
