Been looking for a reason,  
I'm waiting for your call,  
Gonna take all my chances,  
I really need to score...

[Chorus]  
Hey do you believe,  
The story so far,  
Hey, it's not hard to conceive,  
Can you feel the spark...  
Tell me that you understand,  
I never told you no lies,  
Anyone can criticise me,  
It's better to realise...

[Chorus (repeat)]

Don't think about the future,  
I don't know what it holds,  
Just live the life you want,  
Never lose your soul...

[Chorus (repeat)]

Do you believe  
Do you believe my story,  
Hey, I never told you no lies etc...
